

## ENVIRONMENTAL POLICY

### Scope

C2C Services Ltd (C2C) is an environmental services company that operates, maintains, and improves water and waste water assets. The Company's primary focus is the delivery of these services to the Ministry of Defence (MOD) under a 25 year contract for Package C of Project Aquatrine. Business development is focussed on providing similar services outside of the MOD contract.

C2C's Environmental Policy covers the operational activities undertaken by C2C in delivering the service.

### Commitments

C2C will ensure that it maintains an Environmental Management System that is suitable to the size and nature of the business, and this policy will be documented, implemented and maintained in accordance with that system which will satisfy all the requirements of BS EN ISO 14001:2004.

C2C will ensure that the service it provides complies with all applicable legal and other requirements, relevant to the environmental aspects.

C2C is committed to continually improving its environmental performance, and will endeavour to conserve natural resources by efficient use of energy and fuel, and minimise the effect of its operations on the environment, and prevent pollution wherever possible.

C2C will maintain development, training and awareness of its employees with regard to the Environmental Management System. Its continued success and improvement is the responsibility of everyone in the organisation.

C2C will continually review environmental performance and will ensure that appropriate targets and objectives are set and monitored through Management reviews

C2C will provide adequate and appropriate resources to implement this policy effectively.

C2C will communicate this policy to all employees working for or on behalf of the Company, and will be available to all interested parties on the C2C website.
